Contestants Have Hard Time During Family Night Events

by Cecelia Johnson
Saturday night at the Hamlin Riding Club's Family Night the events turned out to be real western. Two people were bucked off, and two fell off during the rescue race, one took a head long dive in the dirt during the ribbon roping and the time keeper collapsed from laughing so much over all the bronc riding. We won't tell who all had these hilarious accidents, just come out next Saturday night and see what new will happen. Needless to say no one was hurt and everyone enjoyed the exhibitions.

Number of Polling Places to Be Open Sept. 7 to Be Set

Whether or not to open all the polling places for the special election Sept. 7 on the proposed constitutional amendment will be decided by Jones County Commissioners when they meet in Anson Friday to pick up checks of employers.

County Judge Leon Thurman said Monday he was going to recommend that only a limited number of polling places be opened — just as was done for the Democratic runoff primary last June.

Stonewall County 4-H Camp Set August 5 and 6

The annual Stonewall County 4-H camp will be held at Buffalo Gap August 5-6th. The group will leave Aspermont at 8:00 a.m. August 5th in Aspermont school bus and will return approx. 4:00 p.m. August 6th.

Neinda Baptist Revival Continues

Rev. E. L. Reddin is the evangelist for the revival services now in progress at Neinda Baptist Church. Stanley Jackson is directing the music.

All 4-H'ers are urged to let the County Agent know by August 2nd if they plan to attend camp.

Judy White is camp chairman and the theme will be recreation and leadership. Curley Hayes and Joel Wilson of West Texas Utilities will be on hand to help at camp.

The series of services continue through Sunday.

Midwest Electric Cooperative Sets Annual Meeting August 5

Johnnie Ammons, Manager of Midwest Electric Cooperative, Inc., has announced that the Annual Membership Meeting will be held Thursday, August 5, 1965 at the Fisher County Fair and Rodeo Grounds in Roby.

This year's meeting will be conducted in the same manner as it has been for the past several years.

Registration of members will begin at 5:00 p.m. Each member will receive a nice gift as he or she registers. In addition their name will be placed in the barrel for the drawing of other prizes.

Underwoods of Abilene will again serve a big free barbecue at 6:00 p.m.

Funeral Services Held Here Thursday for Mrs. Lydia Withers

Funeral services were held for Mrs. Lydia Withers at 10 a.m. Thursday in the First Baptist Church with the Rev. Byron Bryant, pastor, officiating. She died Tuesday morning at Hamlin Memorial Hospital after an illness of nearly five years. Interment was in Hamlin East Cemetery, with burial occurring on the 93rd anniversary of her birth.

Mrs. Withers, the former Lydia Rein, daughter of Hedwig Kountze and John B. Rein, was born July 22, 1872 in Serben, near present Old Dime Box, Texas. Her parents were pioneer settlers of the area and she grew up in the untrained frontier of that time.

After the death of her father, the family moved to San Antonio, then to Temple. In 1891 Lydia was selected by the Brotherhood of Railway Trainmen of Temple as their sweetheart, and they presented her with an engraved gold watch in recognition of their admiration for her.

Two years later, on March 8, 1893 at Belton, she married one of the members of the selection committee of the Brotherhood, Joseph Claude Withers.

In 1907 the young Withers family moved to Hamlin where Mr. Withers was a saddle maker for many years. He died in 1928.

Mrs. Withers was employed from the floor by members of the cooperative if they so desire.

Dr. Charles W. Jarvis, "The Flying Dentist," from San Marcos, Texas will be the featured speaker. Dr. Jarvis believes in the humorous approach to life and his presentation are loaded with humorous stories, jokes, anecdotes, but at the same time carry a message of human relations, public relations, spiritual reward and success. Serious points of the message are illustrated with humor. You'll love his use of humor in the dental office. Even his patients leave the office laughing. You can't beat that!

Peggy Ranefeld of Hermleigh and Aaron Crawford of Ira, winners of a 10-day trip to Washington, D. C. in an oratorical contest, will give a talk on their trip.

Over 3,000 people are expected to attend the event. All members of the cooperative are especially urged to be present. It will be an informative as well as entertaining occasion.

Lueders Superintendent Named County School Supervisor

Wortham Crow, who has served as superintendent of the Lueders Independent School District for the last seven years, has been employed by the County Board of School Trustees as county supervisor. He will take over his new position on Sept. 1.

Mr. Crow will succeed Larry Dooley who was supervisor for the past year. Mr. Dooley, former vocational agriculture teacher at Anson, resigned the county job to become counselor.

Mr. and Mrs. H. C. Porterfield of San Bernardino, Calif. and Mrs. Leslie Cole and Mary Leslie of Slaton visited with their mother and grandmother, Mrs. Ed Bailey.

T. W. Havens Dies Tuesday; Funeral Today

T. W. Havens, 72, died at 5:45 a.m. Tuesday at Hamlin Memorial Hospital following a lengthy illness.

Funeral will be held Thursday at 2 p.m. at First Baptist Church in Hamlin with the Rev. Byron Bryant, pastor, officiating. Burial will be in Hamlin East Cemetery.

A resident of Hamlin 45 years, he was born May 2, 1893 at Leonard and married Era Dee Brister at Abilene March 6, 1920.

He was a retired concrete mason and a member of First Baptist Church.

Survivors are his wife; five daughters, Mrs. Weldon (Mac Dell) Wood of Sweetwater, Mrs. John (Bobbie Nell) Worley of Lubbock, Mrs. D. W. (Patsy Bell) Scott of St. Petersburg, Fla., Mrs. W. F. (Doris Lee) Lumley and Mrs. W. H. (Floy Lee) Lumley, both of San Angelo; one brother, Grady of Paducah; two sisters, Mrs. Jess Cooper of Ector and Mrs. Mary Wall of Mesquite and six grandchildren.

Pallbearers will be Tom Pritchard, Jerry Pritchard, Woody Scott, Bonnie Bingham, Orb Fannin and Ollie Stewart.

31 Farmers Attend Stonewall County Insect Meetings

The four insect meetings held last week in four fields in Stonewall County a total of 31 farmers attended these meetings where County Agent Hennig, Ray Parker and Waylan Smith Entomologist showed farmers how to make insect checks and what insecticide to use. Also weed control was discussed by County Agent.

The meeting was held at Bill Baltz's farm, C. G. Vierel's farm, J. J. Kidd farm and Glen Hoy farm.

The meeting was a recommendation for the Stonewall County Program Building committee.

Local Couple Will Serve As MC's for Square Dance Meet

Ivy and Fritz Witt, local caller and square dance teacher of Hamlin have been asked to act as master of ceremonies for the Haskell County Hey-Day Square Dance Contest in Haskell at 6 p.m. August 7.

The Witts will meet with a large number of their square dance friends from many towns in this area including a square dance set from Amarillo who have entered the contest. The square dance contest will be held in the Rice Springs Park in Haskell.

The Hamlin Square dancers dance each Friday night at the American Legion Hall in Aspermont with the Aspermont dancers. All visitors are welcomed.

Mrs. Simmons Attends Meeting

Mrs. Camille Simmons, homemaking teacher in Hamlin High School is in Dallas for the State In-service Education Conference for Homemaking Teachers at Hotel Adolphus, Dallas, July 26-30. The meeting theme is "Home Economics - Dual Purpose."

The first general session opened Monday night, in the Grand Ballroom. Guest speaker, Miss Dorothy Emerson, Consultant on Citizenship Leadership from Washington, D. C. spoke on "Developing Confidence for Community Leadership."

Teachers meet annually for statewide conference and area meetings for training in new developments and trends in homemaking education.

Mr. and Mrs. Tommy Greenway and sons, Keith and Kent of Andrews visited her parents, Mr. and Mrs. Norman Carlton and his parents, Mr. and Mrs. John Greenway of McCauley.

Holman Jones Receives Top State FFA Award

Holman Jones, member of the Hamlin FFA Chapter, received his Lone Star Farmer Degree at the recent State FFA Convention in Houston. This is the highest award the Texas Association can bestow upon its members.

Holman has been an active FFA member of the local chapter for the past four years. He has been a member of a junior chapter conducting team, two senior chapter con-

He has exhibited breeding beef cattle, breeding sheep,

and fat lambs at the Jones County Fair, the Jones County Livestock Show, and the Abilene Fat Stock Show. Holman has participated in various National FFA Foundation Awards Program events having received two public speaking awards, the Star Livestock Farmer award, the Star Crop Farmer award, and the Star Chapter Farmer award. He was the Area II Farm Mechanic Award winner. He has also received the chapter leadership award and was the first member to receive the Fred B. Moore, Jr. Agriculture Award. He also was Area II Forney Scholarship winner. Holman has served as chapter vice-president and chapter president, and he has attended various district areas and state FFA meetings.

Also attending the state convention was Donnie Jones and chapter advisor, Milburn Wink.

Hamlin Merchants Defeat Abilene Team for District 6 Title

The Hamlin Merchants baseball team Sunday defeated the Abilene Oilers twice to earn the championship of the National Baseball Congress Dist. 6 tournament and a spot in the state tournament which begins July 30 at Lubbock.

Others named to the all-district team included Abilene catcher Duane Yeatman, pitchers Bill Gilbreath and Lee Fisher, third baseman Mickey McCaleb and utility outfielder Ron Harris; Tye placed catcher Roy Sneed and utility infielder Hughlen Malone on the squad and Clyde Rogers was named to the team.

The top batter during the tournament was Malone who compiled a .385 batting average with five hits, including a pair of doubles, in 13 trips to the plate.

The Merchants meet the Methodist baseball team of Lubbock at 9 p.m. Saturday in Monterey Baseball Park in Lubbock, their first game of the state tournament.

Mr. and Mrs. W. D. Adair and their grandchildren, Suzanne and Donna Wicker, and their son and wife, Mr. and Mrs. Don Adair of Grand Falls, vacationed earlier this month in Houston, San Antonio, Galveston, Austin and League City.

Mrs. R. J. Fleckenstein of Fort Worth visited in the home of her son and family, Mr. and Mrs. Joe Fleckenstein. Other visitors included two brothers, Charles of Los Angeles, Calif. and Regis and his wife of Big Spring.

WATER SKIING, A FAMILY SPORT — Members of the Edgar Duncan family are one of many families that enjoy water skiing as a family sport. They are pictured here as they load their boat after an afternoon outing at West Lake. West Lake is a popular spot this summer for water skiing and swimming. Many families take advantage of the lake being so near to town and go to the lake after work.

Nosey Neighbor...

by Barbara Craig

Well, vacation is over, and we reluctantly came back to work this week. But, it is good to be back. In fact I think your truly needed to come back home to get more sleep. I have never been one to enjoy getting up early but on the lake, it was very easy to be up at sunrise.

Camping at the State Park on Brownwood Lake, we made friends with several families and thoroughly enjoyed our six days there.

Mr. and Mrs. Carl Green, Jeannette and Edward Lee, were at the lake over the weekend. They had been fishing at Proctor Lake and reported catching over 200 fish during the week.

We also saw Jill Maberry who was attending a family reunion.

We found out after we returned home that Mr. and Mrs. Kenneth Riddle had visited friends there and Mr. and Mrs. Johnny Jeffrey and children were there for a family reunion.

Mr. and Mrs. James Rodgers, Ricky and Gerald, joined us Sunday.

While there we commented about the fact that there were no ants and one lady said,

Mr. Hunter said weather

conditions included rain, sleet, snow and sleet but not of the type we are used to in Texas. They were at about ten thousand feet in the mountains. The temperature in New Mexico was 35 to 40 degrees at night.

Their tent came in handy Sunday afternoon and Monday morning during light showers.

We came back to learn that Hamlin had received only .04 rain Monday.

There are many campers who use the park and it is very interesting to watch the people come and go. Some are there for week or two, others overnight and others for a few days. Some use tents, some trailers and some use just tarps.

Mr. and Mrs. W.E. Hunter Jr. and Mitzi returned home from a vacation trip which took them to Estes Park, Colo., Cheyenne, Wyo., Durango, Colo., and Santa Fe, N. Mex.

They too, are camping enthusiasts, and take scenic trips, enjoying nature and the great out-of-doors. They stay in National Forests where facilities include hot and cold water, laundry equipment, and many other conveniences.

Mr. Hunter said weather

is good to be back.

The Hunters have been

camping for about five years

and like to take their daughter, Mitzi, to the state capitol. They have been to many of them.

The four Crow brothers, F. M. (Pistol), Earl, Everett and D. D. (Slim) and George and John Howard Sr. attended the Watermelon Jubilee in Terrell, Okla., July 17. All of these men grew up in Terrell and got to see many of their friends that they had not seen for many years. They found out after returning home that the young lady who was selected queen during the festivities was allergic to watermelon.

The city office has moved back into City Hall after being in temporary quarters for several weeks. The remodeled building includes new tile floor, new counters, refinished walls and is most attractive.

Dr. Gains also stressed that the more toxic the pesticide is, the greater the hazards. He was commenting on a recent report that some aerial applicators were applying undiluted parathion and methyl parathion, both highly toxic pesticides, to control cotton

Dangers Sighted In Use of New Aerial Insect Control Method

There are enough natural hazards for agricultural flyers without creating new ones. This comes as a word of advice from the Entomology Department at Texas A&M University and involves the use by some aerial applicators of a new, low-volume technique for controlling some cotton insects.

FAIRVIEW NEWS

By Mrs. Elmer Joiner

If you are reading this and don't like to read about the doings of Baptist folks just go on and read something else, for that is about all the news we have out our way this week, is news about our revival. Beginning last Monday, services were held twice a day through Sunday, except Saturday morning.

Since we were fortunate enough to be the only church in revival services in this area, good crowds attended, in fact we had the best attendance of several years for usually some of the area churches are also in revival at the same time. We were fortunate in having visitors from Anson, Hamlin, Stamford and as far away as Saint Joseph, Mo.

The preaching was done by Rev. Bill Irwin, pastor of the Central Avenue Church in Hamlin, song services led by Ronnie Lee, also of the same church, with Linda Goodwin, of our church, at the piano. Especially was it nice to have all of the visiting young people, as we are almost out of any in our church. Special music was brought each night by visiting young folks. Monday night the special was brought by Sheila Stone, of Hamlin, Tuesday night by Mary Lois Patterson, also of Hamlin. Wednesday night by Mike Shivers, First Methodist Church of Hamlin, Thursday night Mary Alice and Joyce Fry, Hamlin. Friday night a double header, one by Nancy Simpson, Anson, and Ronnie Lee, the other by Danny Cary, Hamlin and Martha Faulk, Anson. Saturday night Ralph Simpson, a young man from Anson, brought the special, then in conclusion Sunday night Rev. Bill Irwin and his sister, Mrs. Clint Snyder, from Saint Joseph, Mo. favor-

ed us with a song.

Friday night was youth night and after services a big bonfire was lighted and a fellowship meeting was held, followed by refreshments being served by some of the mothers. It was so good to see young people from other denominations and other towns, coming and joining in Christian fellowship. Not being present could not give much of a report, but there were well over twenty present and from all reports it was a wonderful testimony meeting for the cause of our Lord.

Saturday night was church fellowship night, with watermelons being served after services, on the lawn behind the house. The watermelons, which were found for 19 cents each, were delicious, having all everyone could eat and selling enough after it was over to pay the initial cost, all but seven cents, which leads up to good joke we all enjoyed. When our pastor attempted to pay for his, we told him we would give it to him for his trouble in buying taking them to a cool place, then hauling them to the church, all for a 19 cent watermelon. When he said he would preach a sermon for it his wife asked if we had ever heard one of his 19 cent sermons. He promised us one of them next Sunday, so we are looking forward to hearing 19 cent sermon.

Of the many visitors we had through the week, too numerous to mention we do want to tell about our visitors Sunday. Mr. and Mrs. Henry Bishop, from Stamford, were in Sunday school and church services. Mrs. Bishop is the former Pernia Huling and was reared just east of the church, the daughter of the late Mr. and Mrs. Will Huling. She was

formerly married to Othor Rush, after his death she married Mr. Bishop of Stamford.

Sunday night the visiting evangelist had his parents in church, Mr. and Mrs. Bill Irwin Sr. from Saint Joseph, Mo. They were accompanied by their daughter, Mrs. Clint Snyder and little daughter, also of that place. Mr. Irwin said he only got to hear his son preach once a year, and they had really driven in order to make it. He said they hoped to hear a son-in-law preach in California, while visiting there before leaving here.

Mr. and Mrs. Henry had their grandson, Boyd Henry, of Elgin, last Monday and Tuesday nights for a visit.

Linda Goodwin left early Sunday morning for Dallas, where she and Pat Pope, Sandra Fudge, will attend twirling school at S. M. U. campus. They will return home Friday.

Mr. and Mrs. Buck Joiner, Charles, Jerry and Susan, visited in Hamlin Saturday night and Sunday, from Odessa, with her parents the Charlie Durhams and his, the Elmer Joiners. Charles will spend a week with his cousin, Larry McCoy before returning home.

Mr. and Mrs. J. E. McCoy also spent the afternoon with

Dorothy Gray was in church Sunday night with her parents coming down from Amarillo for a visit.

Mrs. H. L. Ford has fought a virus all week, only being able to attend services part time, and she is one of our faithful attenders. Looks like she might just about have it whipped.

There will not be any mid-week services this week, since the pastor will be gone to Lueders.

**DIETERS TAKE NOTE:
HERE'S A LOW-FAT
CHEESE**

Taste treats and low calories come in the same package sometimes, says Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent.

A low-fat cheese that looks and tastes like a very mild Cheddar has been developed by the U. S. Department of Agriculture. Compared with Cheddar's 31% butterfat, the new low-fat cheese contains only 5 to 7 percent.

Made from skim-milk, this is the first time a skim-milk cheese has had acceptable body, texture and flavor for table use.

The cheese has a clean, mild flavor that results from the small amount of butterfat added to the skim milk. It's relatively soft and mellow. It contains more moisture and more nonfat milk solids - and thus more protein - than Cheddar.

The standard also provides that the common names of suitable optional ingredients shall be set out on the principal display panel so that they will likely be read and easily understood. The label information about the hydrogenated vegetable oils when used shall include the word "hydrogenated" or "hardened".

In the event that the peanut butter is made from unblanched peanuts, the label must bear a conspicuous statement such as "Prepared from unblanched peanuts (skins left on)."

An added advantage is that it is inexpensive to make. It takes only 2 1/2 hours to make up a batch and needs only 1 to 3 months' ripening time.

Although still awaiting market testing, the new cheese has been sampled by several hundred consumers at demonstrations. What's their rating? "Good to excellent" by the majority of samplers.

Nylon will be appearing in several new apparel products soon, says Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent. It will be used in shoes for dress and casual wear. Another use will be in a new-type clasp closure for swim-wear and lounge-wear. The shoe upper materials will have a foam-backed lining of nylon tricot in matching shades.

NEW STANDARD ANNOUNCED FOR PEANUT BUTTER

Peanut butter must now contain at least 90 percent peanuts according to a revised food standard just announced by the Food and Drug Administration.

There was no standard regulating the peanut content of products marketed as peanut butter until this revised ruling. In the past, it has ranged

Acrylic or nylon knits may be dried completely in the dryer with relatively little shrinkage. But don't leave them in a turned-off dryer as they are apt to wrinkle badly.

GOOD FRUITS

"The wisdom that is from above is first pure, then peaceable, gentle, and easy to be entreated."

"fruit of mercy and GOOD FRUITS."

There are two forces at work in this world,

EVIL and good. We have the freedom to

choose between these two things.

"O taste and see that the Lord is good;

blessed is the man that trusteth in him."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church or the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

OLD GLORY...

by Judy White
The Old Glory Variety Club held their annual picnic last Friday evening at the Wienke lake. Members and their husbands and children attended. Judy Sander spent last week in Abilene visiting her sister, Carolyn, who is a student at Commercial Business School. Rhonda Baitz also spent several days there visiting with Merrilyn Flow, who is also a student at the Commercial Business School.

Mrs. Lillian Hackebell and her daughter, Mrs. Joyce Webb, of Demming, New Mexico, visited here with Mr. and Mrs. Kuno Mischler last week. Mrs. Sandy Leverett hosted a Stanley party in her home on Tuesday of last week. Several ladies from this community attended, also Mrs. Sam Houston of Rule.

Mrs. W. G. Wienke returned to Lubbock with her sons, Roy and Les Wienke, who visited here last week. From Lubbock she accompanied Les Wienke to Ruidoso, New Mexico, for several days vacation.

Mrs. Georgia Lee Mathis and her daughter and grandchildren from Mexico were here last week visiting Mr. and Mrs. Kuno Mischler. Mrs. Mathis is the former Georgia Lee.

Omar Burleson, M. C.
17th District, Texas

WASHINGTON.—The Committee on Agriculture of the House of Representatives is now struggling with a new Farm Bill. Some Sections of the measure have been approved by Subcommittees, and some by the full Committee.

The principal aim is to reduce surpluses of all commodities now in excess supply and, at the same time, maintain decent prices for the farmer. As a matter of fact, this has been the objective of farm programs from their beginning.

In addition, although it may sound strange, suitable farming land is running out in Africa, Asia and Latin America. The only resort is for better yield.

In all these efforts there is the paradox of the acute problem of rapidly rising worldwide famine.

In the next few days there is supposed to be a report issued by a Task Force, appraising the food situation around the globe. There are indications that the experts looking into this matter will describe it as a desperate problem.

In all of Latin America, population is outrunning increased food production. In nations where food is already scarce, population is growing by 3 percent a year, while food output fails to increase.

Perhaps a single fact will illuminate the problem somewhat.

One-fifth of all the wheat America now produces goes to India. It keeps alive about 60 million people. Without this grain there would be mass starvation. In India, as in Latin America, it is simply the inability to produce food as fast as they produce people.

The problem can be analyzed, but the solution is another thing. Experts analyzing the prospective disaster are exceedingly pessimistic for effective international cooperation. It is clear that the only nation which really concerns itself with the problem is the United States.

Scores of new governments, cut loose from Western European control, have problems far beyond their limited capabilities. To feed all of them is beyond our own capabilities, and yet, we are a nation of surplus food.

Jay, a sophomore accounting major, earned 12 hours of A's to receive the honor. It takes nine hours of A's to make the honor roll.

A number of remedies are being suggested. One is to step up the "Food for Peace" Program which now runs at about \$1 1-2 billion a year, mostly charged to the Farm Program. Another consideration is to revive and step up the old Point IV Program inaugurated during the Truman Administration. Neither holds a great deal of hope of more than easing famine in two-thirds of the world.

The original Point IV program was directed mainly at teaching rudimentary methods of agriculture. In India, for instance, a steel point as wide as one's hand attached to the longest end of crossed timbers, enabled the Indian farmer to increase his tillable soil from 4 to 18 acres.

It is one thing to speak of

informing 3 million American farmers through our efficient Extension Service how to apply modern methods of farming. It is another to attempt to teach 60 million farmers in India, speaking 17 different languages. Shortage of transportation alone is an insurmountable problem. As many as 27 ships at a time have been tied up in Bombay, unable to unload food cargoes.

The principal aim is to reduce surpluses of all commodities now in excess supply and, at the same time, maintain decent prices for the farmer. As a matter of fact, this has been the objective of farm programs from their beginning.

In addition, although it may sound strange, suitable farming land is running out in Africa, Asia and Latin America. The only resort is for better yield.

Proper population control would obviously be the long-range answer. The fact remains, however, that the habits of varied races, tribes and religions reduce birth control efforts to a mere demonstration. In addition, medical science has greatly reduced infant mortality and raised the life expectancy to heights unbelievable a short time ago.

Starvation itself may be nature's remedy, but imagine the turmoil and tragedy which must inevitably accompany it.

This is a problem which approaches a dilemma on the part of our Government and all humanitarians. It is presenting itself so rapidly it is difficult to even imagine. The experts say that the calamity will be upon the world in the 1970's with its awful consequences, unless better answers are found than are now in sight.

With all the problems attending the solution of surplus food, what a blessing we in America enjoy.

A friend and I were planning a weekend trip to the Texas coast. This inland-fishing companion, getting ready to make his debut in salt water, wanted to know what kind of tackle to buy.

"Don't go to any extra expense," I told him. "Just bring along your bass-fishing outfit."

He thought I was joking.

Like many others who haven't fished the Gulf, my friend had the misconception that special tackle, big and stout, was needed for salt water. It is a fact that most coastal fishermen are overtackled, armed with equipment not adapted to their personal needs.

This is an accepted oversight among beginning fishermen. Yet you'd be amazed at how many veteran fresh-water anglers have put off junkets to the coast because they were disillusioned about the price of a salt-water trip, believing special tackle and special boats are an absolute must to fish the briny deep.

Of course a fisherman must be practical. He can't expect to pick up his pet bass-fishing outfit and go catch a sailfish on it. Yet ordinary fresh-water tackle will catch a vast majority of those game fish which swim in bays and gulf.

There's a veteran fisherman in Austin named Conrad Fath. He has one complete outfit for both inland and coastal fishing. His is a 16-foot runabout boat powered by a 35-horsepower outboard and a casting outfit, six-foot rod and conventional reel with 15-pound-test line.

Spray the tackle with silicone or oil, available in pressurized cans at sporting goods stores. The coating prevents rod ferrules from sticking and some minor parts of the reel from corroding.

Some fishermen go a step further by substituting a two-handed rod for the conventional one-handed bass rod. There are some advantages to this. With a two-handed rod the angler can attain more distance with his casts. Also when playing fish he can rest the butt against his belly to take some muscle strain off his arms. But the two-handed rod isn't dictated; the one-handed rod will do almost as good a job.

It is a joy to fish with freshwater outfits. Casting with one is effortless. Once a fish is hooked, there is that satisfying thrill which comes only with the right tackle for the right fish, the ultimate fight.

Another oft-overlooked fact is that small lures, which only one can be adequately cast with light tackle, often take the most fish.

Miss Vahlenkamp Awarded Tennis Scholarship

CORSICANA — Nancy Vahlenkamp, daughter of Mr. and Mrs. Herbert Vahlenkamp of Old Glory, has been awarded a tennis scholarship at Navarro Junior College. Miss Vahlenkamp will enroll in the Corsicana institution in September, according to Herschel Stephens, Navarro tennis coach.

A spring graduate of Old Glory High School, Miss Vahlenkamp is a former state Class B champion in doubles in 1964. She has been a consistent district winner, winning district in singles in 1963 and doubles in 1964 and 1965.

As a sophomore Miss Vahlenkamp reached the regional semi-finals in singles before being eliminated. Following her junior year as state champion in doubles, she was a state finalist in doubles this spring.

Miss Vahlenkamp will play both singles and doubles on the NJC tennis team, a team that went undefeated last spring in regular season matches and produced a conference champion.

4-H Boys Attend District Camp

Eight Jones County 4-H Club boys attended the District III 4-H Club Camp held at Buffalo Gap last week, according to Jones County Agent, Kirby Clayton.

At camp the group participated in swimming, horseshoes, washers, baseball games, talks on Isometrics, Cave exploration, and a tour of Dyess Air Force Base.

The camp was attended by 22 counties in the Rolling Plains Area comprising Extension District III. Those attending from Jones County were: Bob Doty, Gary Harvey, Brian Harvey, Mike Morrow, Jerry Armstrong, David Hager, Jay Hager and Gary Clayton.

The boys returned from Camp on Friday morning of last week and were accompanied by County Agent, Kirby Clayton.

Mrs. Bill Fininis, Billy and Kathy, of Homer, Ill., are visiting her parents, Mr. and Mrs. W. S. Newland. Her husband will join them here this week for a two week vacation.

Mr. and Mrs. Bo Newland, Vicki and Milbourne, and his sister Mrs. Bill Fininis, Billy and Kathy, visited in Gatesville, Alvin, Freeport and Houston last week. In Houston they saw the St. Louis Cardinals play in the Astrodome.

If the victim's chest does not rise and no outflow is detectable, the rescuer needs to try quickly to clear the passage. To do so, turn an adult on his side and strike several sharp blows between the shoulder blades. You can hold infants or small children by their heels or with their head down, give several sharp pats between shoulder blades. Then clear the mouth.

Attracting Fish

Whether fishing for bass or the lowly catfish, you can increase your luck by sinking several pint or quart size bottles of water, containing minnows, in the vicinity of your bait.

Minnows swimming around will attract fish from far and near.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

SENATE JOINT RESOLUTION NO. 14 proposing Amendments to Section 4, 22 and 23 of Article IV of the Constitution of the State of Texas, so as to provide a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office, Secretary of State, and certain statutory state officers; providing for the necessary election and the form of the ballot; and providing for the necessary proclamation and publication.

RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 4, Article IV of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 4. The Governor shall be installed on the first Tuesday after the organization of the Legislature, or as soon thereafter as practicable, and shall hold his office for the term of four years, or until his successor shall be duly installed. He shall be at least thirty years of age, a citizen of the United States, and shall have resided in this state at least five years immediately preceding his election."

Section 2. That Section 22, Article IV of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 22. The Attorney General shall hold office for four years and until his successor is duly qualified. He shall represent the state in all

units and pleas in the Supreme Court of the state in which the state may be a party, and shall especially inquire into the charter rights of all private corporations, and from time to time, in the name of the state, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freight or wharfage not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary in an amount to be fixed by the Legislature."

Sec. 3. That Section 23, Article IV of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 23. The Comptroller of Public Accounts, the Treasurer, the Commissioner of the General Land Office, the Secretary of State, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution."

Sec. 4. The foregoing Constitutional Amendments shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have been printed thereon the following:

"FOR the Constitutional Amendments providing a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office, Secretary of State, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution."

Sec. 5. Nothing contained in this Resolution shall be construed so as to extend the term of office of any officeholder previously elected to a two-year term.

Sec. 6. The Governor shall issue the necessary Proclamation for the said election and have the same published as required by the Constitution and laws of this state.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER NINE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 8 proposing an Amendment to Section 24, Article III and Section 17 of Article IV of the Constitution of the State of Texas, to allow an annual salary in an amount to be fixed by the Legislature for the Lieutenant Governor and for the Speaker of the House of Representatives, and increasing the per diem allowance of Members of the Legislature.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 24 of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section 24. Representatives shall receive from the Public Treasury an annual salary of not exceeding Four Thousand, Eight Hundred Dollars (\$4,800) per year. Senators shall receive from the Public Treasury an annual salary of not exceeding Four Thousand, Eight Hundred Dollars (\$4,800) per year. The Lieutenant Governor and the Speaker of the House of Representatives shall receive from the Public Treasury an annual salary of not exceeding Twenty Dollars (\$20) per day for the 140 days of each Regular Session and 30 days of each Special Session."

See. 2. That Section 17 of Article IV of the Constitution of the State of Texas be amended to read as follows:

"Section 17. If, during the vacancy in the office of Governor, the Lieutenant Governor and the Speaker of the House of Representatives shall receive from the Public Treasury an annual salary of not exceeding Twenty Dollars (\$20) per day for the 140 days of each Regular Session and 30 days of each Special Session."

not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of such bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of the State of Texas be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Board and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

Sec. 2. That Section 17 of Article IV of the Constitution of the State of Texas be amended to read as follows:

"Section 17. If, during the vacancy in the office of Governor, the Lieutenant Governor and the Speaker of the House of Representatives shall receive from the Public Treasury an annual salary of not exceeding Twenty Dollars (\$20) per day for the 140 days of each Regular Session and 30 days of each Special Session."

Sec. 4. The foregoing Constitutional Amendments shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have been printed thereon the following:

"FOR the Amendment to

Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law;" and

"AGAINST the Amendment to

Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

Sec. 5. The Governor shall issue the necessary Proclamation for the said election and have the same published as required by the Constitution and Laws of this state.

Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which portion shall be set aside for the retirement of any bonds hereafter issued and sold, and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys remaining a part of said Fund shall be governed as elsewhere provided herein.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire all of the bonds hereafter issued and sold, at which time all such moneys remaining a part of said Fund shall be governed as elsewhere provided herein.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased thereby) contains sufficient monies to retire all of the bonds secured by such Division, the moneys issued and sold hereunder shall, after execution by the Board, by approval of the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement

AUSTIN — Rising insurance rates continue to stir up most of the excitement in the state capital.

A Dallas attorney, Bert Bader, filed suit in the 98th District Court here challenging legality of the State Insurance Board's order boosting insurance premiums an average of 13.4 percent.

In asking the court to set aside the recent order, which hiked some key liability and collision rates more than 20 percent, Bader maintained that the state law under which premiums are set is unconstitutional.

He also criticized the Board's allowance of 37 percent of premium income for company expenses and its failure to consider the investment income of insurance firms in fixing rates.

Bader pointed out that Texas' laws virtually make it mandatory that Texans buy auto insurance. Therefore, the arbitrary increase in rates violates due process of law.

Another factor cited by Bader is that the Board failed to take into consideration the actual operating expenses of the insurance companies affected.

He also said that the accident rate is decreasing.

For these and other reasons he contends that the new rate, to become effective on August 1, is grossly excessive.

AUSTIN — Texas Research League warns that another fiscal "crisis" looms for state government in 1967, when new taxes of \$40,000,000 a year may be necessary.

League suggests that the Committee on State and Local Policy "look at many available revenue-raising possibilities in the course of its studies."

SPECIAL SESSION REJECTER — Governor Connally has rejected requests for a special legislative session to deal with rising car insurance rates in Texas.

State Representatives Carl A. Parker and J. D. Weldon, both of Port Arthur, requested such a session to investigate the rate increases averaging 13.4 percent which were authorized by the State Board of Insurance to take effect August 1.

Connally said he doubts any practical benefits would be gained from a special session at this time, although he shares concern over the increases. The governor made three principal points:

Texas' liability rates after the August increases will be lower than those of 34 states and the District of Columbia.

League admits the figure may be higher or lower. Its staff acknowledges that sales tax revenue are running well ahead of official estimates this year and if it keeps up, the new tax requirement may be reduced to \$80,000,000.

Actually, general sales tax collections this year are "much higher" than in 1964, Comptroller Robert S. Calvert reports. Collections since the current fiscal year began last September 1 total \$164,200,000, compared with \$150,600,000 for the corresponding period a year ago.

TRL observes: "An \$80 million tax bill is no small matter, but neither is it a really serious crisis for a state with the untapped tax resources and growth potential of Texas. This is, of course, an optimistic estimate and the tax required might well be higher if revenues do not come up to these expectations, or if expenditures substantially exceed them."

APPOINTMENTS ANNOUNCED — David L. Greenberg was named by Governor Connally as judge of the new county court No. 1 of Galveston county. He is a law partner of Galveston Sen. A. R. Schwartz.

Connally appointed Sen. Walter Richter of Gonzales to the board of control of the Southern Regional Education Board and Rep. Don Cavness of Austin to SREB's Legislative Advisory Council.

Truett Latimer, former member of the State Legislature from Abilene, is now executive director of the Texas State Historical Survey Committee. He succeeds George Hill of Austin.

COURTS SPEAK — State Supreme Court has agreed to review the case involving the state's right to tax coin-operated vending machines on military reservations. Third Court of Civil Appeals, overturning Austin District Court, earlier held that the state had the power to collect the tax on Fort Hood machines.

High court backed Amarillo Court of Civil Appeals in ruling that Moore County District Court must hear the suit challenging boundaries of county commissioner's precincts.

In spite of its name, Indiana originally had fewer Indians than most other states and has practically none today.

INTERGRATION PLAN FOR THE HAMILIN INDEPENDENT SCHOOL DISTRICT FOR 1965-66

PUBLIC NOTICE

The Board of Education of the Hamlin Independent School District adopted the following policies:

"By unanimous vote, the Board of Education of the Hamlin Independent School District voted to integrate all high school grades (9-12), being served by only one high school for the 1965-66 school year; also, to maintain the elementary schools as now exists (1-8) on a freedom of choice plan. This means that any child in the Hamlin Independent School District in grades one through eight may attend any school in the Hamlin school district of his choice."

Due to the above policy, a letter with a registration form grades 1-8, will be mailed you for each of your children, and we are requesting you to fill out indicating your choice of school. Also, enclosed is a self addressed envelope to the superintendent of schools, to be used for returning your forms. This form must be returned by August 15, 1965. The high school students have already registered for the 1965-66 school year.

After we receive the registration forms of choice of schools by the students, there will be registration for the 6, 7, and 8th grades on August 15, 1965.

Neinda Philosopher Comes Out With Plan for Avoiding Grass Mowing Without Hurting Economy

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 considers the economics of lawn-mowing in his letter this week.

Dear editor:

On an average weekend during the summer I estimate there must be at least 20 million lawnmowers running in the United States, and while it's no concern of mine, the noise doesn't bother me, I can't hear it from out here on this Johnson grass farm, and I don't own one myself. I let a cow do the mowing, it's cheaper, no breakdowns, requires no fuel and you can do it while sitting in the shade on the front porch, still I was interested in an item I read in a newspaper last week while my cow was cutting the grass.

According to it, some scientists have developed a new lawn grass that grows solid but only three inches tall. Stays the same height, no matter how long you let the sprinkler run. Never have to mow it.

I was discussing this with a friend of mine in town who mows his lawn every week and is good at figures and sells lawnmowers.

"Look," he said, "say there are 20 million lawnmowers in

this country and they average about \$50 each. That's a billion dollars worth of lawnmowers. Also, they must use at least \$100,000 worth of gasoline a week, parts are always needing replacing, blades have to be sharpened, lots of boys earn \$2.50 a lawn or more mowing for other people, hospitals get business from lawnmower accidents, insurance companies sell accident policies, take it all in all, those grass scientists are fixing to wreck a two-billion-dollar industry, right when the President is banking on an expanding economy to justify more tax cuts to open the gates to the Great Society. Those scientists ought to destroy that new grass and start working on one that grows twice as fast and requires mowing two times a week. Make two blades of grass grow where one grew before, each twice as tall, and double the lawn-mower business and keep this country moving forward."

After listening to a speech that long, I didn't argue, but he has a point, although an application of modern thinking can get around it.

Let the scientists go ahead and get the grass ready, but don't sell it. Rent it.

R. D. (Bob) Bush, 37, Buried at Hawley

Graveside funeral services were held Monday at Hawley for Robert D. (Bob) Bush, 37, who died in a fire which destroyed his home at Hawley late Saturday night. Mr. Bush's wife and two children were not at home at the time.

Born May 10, 1926 in the

San Antonio community, Mr. Bush married Lois Miller Dec. 15,

1957 in Tucumcari, N. M. They lived in Abilene for a time,

later moving to Hawley.

Surviving are his wife, two daughters, Sheila Jan, 6, and Bobbie Jean, 3, his mother, Mrs. Martha Bush of Stamford; two brothers, G. W. of Sacramento, Calif., and M. E. of Abilene; three sisters, Mrs. Winnie Meads of Seymour; Mrs. A. F. Baize of Fort Stockton, and Mrs. H. D. Presbury of Lubbock.

Other members of the family attending the picnic were Mr. and Mrs. V. R. Rogers, Karmon, Lynda, and Kelly. Mrs. Eldon Leek, Tommy and Timmy, all of Haskell; Mrs. Annie Roberts and M. W. of Knox City; Mr. and Mrs. F. D. Johnson, Brenda, Freddie and Teddy and a friend, Sherrie Lynn Shurley of Jal, N. Mex.; Susan McFarland of Dallas; Mr. and Mrs. L. V. Miller, Mr. and Mrs. Jess Miller, Mr. and Mrs. A. G. Miller and Dwayne, Mrs. and Mrs. Ira Green, Mr. and Mrs. Sam Ferrell, Mrs. Bryant Conner and D. M. Holley, all of Hamlin.

The Presbury Millers were guests in the homes of the L. V. and G. W. and Jess Millers during the weekend.

Big business half the time doesn't own its big electronic calculating machines. They're rented.

You don't own your telephone, do you? Of course not, you just rent it for so much a month. When you get down to it, most people just rent their automobiles.

Get one of those rented calculating machines to figure up what the average man pays for mowing his lawn, then rent him this new grass on those terms. Add it to his telephone bill. Two billion dollars worth of lawn mowing money will still flow into the economy. nobody will be hurt, the economic index won't waver, and people can sit on their lawns on weekends and enjoy their tax cuts.

Yours faithfully,
J. A.

Contestants Have Hard Time During Family Night Events

by Cecilia Johnson
Saturday night at the Hamlin Riding Club's Family Night the events turned out to be real western. Two people were bucked off, and two fell off during the rescue race, one took a head long dive in the dirt during the ribbon roping and the time keeper collapsed from laughing so much over all the bronc riding. We won't tell who all had these hilarious accidents, just come out next Saturday night and see what new will happen. Needless to say no one was hurt and everyone enjoyed the exhibitions.

Funeral Services Held Here Thursday for Mrs. Lydia Withers

Funeral services were held for Mrs. Lydia Withers at 10 a.m. Thursday in the First Baptist Church with the Rev. Byron Bryant, pastor, officiating. She died Tuesday morning at Hamlin Memorial Hospital after an illness of nearly five years. Interment was in Hamlin East Cemetery, with burial occurring on the 93rd anniversary of her birth.

She suffered another accident five years ago, and has been hospitalized much of the time since. She has been recognized as one of the oldest recipients of Social Security payments in Jones County. Her nearly 60 years in this county spanned two World Wars and many social and economic changes.

She is survived by three sons, Claude of Belton, Henry of Haskell, and M. P. (Buddy) of Pecos; four daughters, Mrs. Eual (Odessa) Lieb of Albany, Mrs. G. W. (Georgia) Turner Sr. and Miss Elsie Withers, both of Hamlin, and Mrs. M. H. (Ouida Myrle) Hudson of Carthage, Texas; five grandchildren, 10 great-grandchildren and one great-great-grandson.

Mrs. Withers was the youngest of seven children, and the last survivor of that group.

Pallbearers were Henry Jackson, Ira Clements, Cliff Reynolds Sr., J. C. Turner, Arlie Cassie and Edgar Duncan.

Mrs. Withers was employed

Lueders Superintendent Named County School Supervisor

Wortham Crow, who has served as superintendent of the Lueders Independent School District for the last seven years, has been employed by the County Board of School Trustees as county supervisor. He will take over his new position on Sept. 1.

Mr. Crow will succeed Larry Dooley who was supervisor for the past year. Mr. Dooley, former vocational agriculture teacher at Anson, resigned the county job to become course.

Over 3,000 people are expected to attend the event. All members of the cooperative are especially urged to be present. It will be an informative as well as entertaining occasion.

Mr. and Mrs. H. C. Porterfield of San Bernardino, Calif. and Mrs. Leslie Cole and Mary Leslie of Slaton visited with their mother and grandmother, Mrs. Ed Bailey.

He was the Area II Farm Mechanic Award winner. He has also received the chapter leadership award and was the first member to receive the Fred B. Moore, Jr. Agriculture Award. He also was Area II Forney Scholarship winner. Holman has served as chapter vice-president and chapter president, and he has attended various district area, and state FFA meetings.

Also attending the state convention was Donnie Jones and chapter advisor, Milburn Wink.

Hamlin Merchants Defeat Abilene Team for District 6 Title

The Hamlin Merchants baseball team Sunday defeated the Abilene Oilers twice to earn the championship of the National Baseball Congress Dist. 6 tournament and a spot in the state tournament which begins July 30 at Lubbock.

Others named to the all-district team included Abilenians catcher Duane Yeatman, pitchers Bill Gilbreath and Lee Fisher, third baseman Mickey McCaleb and utility outfielder Ron Harris; Ty placed catcher Roy Sneed and utility infielder Hughlen Malone on the squad and Clyde Rogers was named to the team.

The top batter during the tournament was Malone who compiled a .385 batting average with five hits, including a pair of doubles, in 13 trips to the plate.

The Merchants meet the Methodist baseball team of Lubbock at 9 p.m. Saturday in Monterrey Baseball Park in Lubbock, their first game of the state tournament.

Mr. and Mrs. W. D. Adair and their grandchildren, Suzanne and Donna Wicker, and their son and wife, Mr. and Mrs. Don Adair of Grand Falls, vacationed earlier this month in Houston, San Antonio, Galveston, Austin and League City.

Mrs. R. J. Fleckenstein of Fort Worth visited in the home of her son and family, Mr. and Mrs. Joe Fleckenstein. Other visitors included two brothers, Charles of Los Angeles, Calif., and Regis and his wife of Big Spring.

WATER SKIING, A FAMILY SPORT — Members of the Edgar Duncan family are one of many families that enjoy water skiing as a family sport. They are pictured here as they load their boat after an afternoon outing at West Lake. West Lake is a popular spot this summer for water skiing and swimming. Many families take advantage of the lake being so near to town and go to the lake after work.

Nosey Neighbor...

by Barbara Craig
Well, vacation is over, and we reluctantly came back to work this week. But, it is good to be back. In fact I think your truly needed to come back home to get more sleep. I have never been one to enjoy getting up early but on the lake, it was very easy to be up at sunrise.

Camping at the State Park on Brownwood Lake, we made friends with several families and thoroughly enjoyed our six days there.

Mr. and Mrs. Carl Green, Jeannette and Edward Lee, were at the lake over the weekend. They had been fishing at Proctor Lake and reported catching over 200 fish during the week.

We also saw Jill Maberry who was attending a family reunion.

We found out after we returned home that Mr. and Mrs. Kenneth Riddle had visited friends there and Mr. and Mrs. Johnny Jeffrey and children were there for a family reunion.

Mr. and Mrs. James Rodgers, Ricky and Gerald, joined us Sunday.

While there we commented about the fact that there were no ants and one lady said,

"They have probably all been trampled to death." At home we unloaded our camp box of food and dishes Monday night and Tuesday morning the ants had found it.

The tent came in handy Sunday afternoon and Monday morning during light showers.

We came back to learn that Hamlin had received only .04 rain Monday.

There are many campers who use the park and it is very interesting to watch the people come and go. Some are there for week or two, others overnight and others for a few days. Some use tents, some trailers and some use just tarps.

Mr. and Mrs. W. E. Hunter Jr. and Mitzi returned home from a vacation trip which took them to Estes Park, Colo., Cheyenne, Wyo., Chicago, Colo., and Santa Fe, N. Mex.

They too, are camping enthusiasts, and take scenic trips, enjoying nature and the great out-of-doors. They stay in National Forests where facilities include hot and cold water, laundry equipment, and many other conveniences.

Mr. Hunter said weather

conditions included rain, hail, snow and sleet but not of the type we are used to in Texas. They were at about ten thousand feet in the mountains. The temperature in New Mexico was 35 to 40 degrees at night.

They also saw the area in the Denver business district which had been severely damaged by floods.

The Hunters have been camping for about five years and like to take their daughter, Mitzi to the state capitals. They have been to many of them.

The four Crow brothers, F. M. (Pistol), Earl, Evert and D. D. (Slim) and George and John Howard Sr attended the Watermelon Jubilee in Terrell, Okla., July 17. All of these men grew up in Terrell and got to see many of their friends that they had not seen for many years. They found out after returning home that the young lady who was selected queen during the festivities was allergic to watermelons.

The city office has moved back into City Hall after being in temporary quarters for several weeks. The remodeled building includes new tile floor, new counters, refinished walls and is most attractive.

Dangers Sighted In Use of New Aerial Insect Control Method

There are enough natural hazards for agricultural flyers without creating new ones. This comes as a word of advice from the Entomology Department at Texas A&M University and involves the use by some aerial applicators of a new, low-volume technique for controlling some cotton insects in the Lower Rio Grande Valley. He noted that Malathion is the only pesticide that has been registered for undiluted use in low-volume spraying and it is recommended only for fall boll-weevil control. Weldon Newton, Extension Service Entomologist from Texas A&M University and Dr. Perry Adkison, Entomologist with the Texas A&M University says:

"You can be certain that such a recommendation for any other purpose or any other pest will not be given until some of the many questions are answered." Many questions such as the personal safety of the individual, tolerances and the possible harmful side-effects of low-volume concentrate sprays have not been answered and until more research has established these facts, Producers or applicators must be prepared to face any possible consequences resulting from applications of low-volume concentrates.

Dr. Gains also stressed that the more toxic the pesticide is, the greater the hazards. He was commenting on a recent report that some aerial applicators were applying undiluted parathion and methyl parathion, both highly toxic pesticides, to control cotton

insects in the Lower Rio Grande Valley. FAIRVIEW NEWS

By Mrs. Elmer Joiner

If you are reading this and don't like to read about the doings of Baptist folks just go on and read something else, for that is about all the news we have out our way this week, is news about our revival. Beginning last Monday, services were held twice a day through Sunday, except Saturday morning.

Since we were fortunate enough to be the only church in revival services in this area, good crowds attended, in fact we had the best attendance of several years for usually some of the area churches are also in revival at the same time. We were fortunate in having visitors from Anson, Hamlin, Stamford and as far away as Saint Joseph, Mo.

The preaching was done by Rev. Bill Irwin, pastor of the Central Avenue Church in Hamlin, song services led by Ronnie Lee, also of the same church, with Linda Goodwin, of our church, at the piano. Especially was it nice to have all of the visiting young people, as we are almost out of any in our church. Special music was brought each night by visiting young folks. Monday night the special was brought by Sheila Stone, of Hamlin, Tuesday night by Mary Lois Patterson, also of Hamlin, Wednesday night by Mike Shivers, First Methodist Church of Hamlin, Thursday night Mary Alice and Joyce Fry, Hamlin, Friday night a double header, one by Nancy Simpson, Anson, and Ronnie Lee, the other by Danny Cary, Hamlin and Martha Faulk, Anson. Saturday night Ralph Simpson, a young man from Anson, brought the special, and then in conclusion Sunday night Rev. Bill Irwin and his sister, Mrs. Clint Snyder, the daughter of the late Mr. and Mrs. Will Huling. She was

formerly married to Othor Rush, after his death she married Mr. Bishop, of Stamford.

Sunday night the visiting evangelist had his parents in church, Mr. and Mrs. Bill Irvin Sr. from Saint Joseph, Mo. They were accompanied by their daughter, Mrs. Clint Snyder and little daughter, also of that place. Mr. Irwin said he only got to hear his son preach once a year, and they had really driven in order to make it. He said they hoped to hear a son-in-law preach in California, while visiting there after leaving here.

Mr. and Mrs. Henry had their grandson, Boyd Henry, of Elgin, last Monday and Tuesday nights for a visit.

Linda Goodwin left early Sunday morning for Dallas, where she and Pat Pope, Sandra Fudge, will attend twirling school at S. M. U. campus. They will return home Friday.

Mr. and Mrs. Buck Joiner, Charles, Jerry and Susan, visited in Hamlin Saturday night and Sunday, from Odessa, with her parents the Charlie Durhams and his, the Elmer Joiners. Charles will spend a week with his cousin, Larry McCoy before returning home.

Mr. and Mrs. J. E. McCoy also spent the afternoon with

Dorothy Gray was in church Sunday night with her parents coming down from Amarillo for a visit.

Mrs. H. L. Ford has fought a virus all week, only being able to attend services part time, and she is one of our faithful attenders. Looks like she might just about have it whipped.

There will not be any mid-week services this week, since the pastor will be gone to Luverne.

Beginning Sunday night, August 8, our pastor will lead the singing for a revival at the Paint Creek Baptist Church, which will run through August 15, but Rev. Leverett will be home Sunday night, August 15.

ed us with a song.

Friday night was youth night and after services a big bonfire was lighted and a fellowship meeting was held, followed by refreshments being served by some of the mothers. It was so good to see young people from other denominations and other towns, coming and joining in Christian fellowship. Not being present could not give much of a report, but there were well over twenty present and from all reports it was a wonderful testimony meeting for the cause of our Lord.

Saturday night was church fellowship night, with watermelons being served after services, on the lawn behind the house. The watermelons, which were found for 19 cents each, were delicious, having all everyone could eat and selling enough after it was over to pay the initial cost, all but seven cents, which leads up to good joke we all enjoyed. When our pastor attempted to pay for his, we told him we would give it to him for his trouble in buying taking them to a cool place, then hauling them to the church, all for a 19 cent watermelon. When he said he would preach a sermon for it his wife asked if we had ever heard one of his 19 cent sermons. He promised us one of them next Sunday, so we are looking forward to hearing a 19 cent sermon.

Of the many visitors we had through the week, too numerous to mention we do want to tell about our visitors Sunday. Mr. and Mrs. Henry Bishop, from Stamford, were in Sunday school and church services, Mrs. Bishop is the former Pernia Huling and was reared just east of the church, the daughter of the late Mr. and Mrs. Will Huling. She was

The Rev. R. E. Pittman of Abilene, Baptist minister, officiated. Organist was Reba Jackson and soloist Polly Jackson.

The bride is the daughter of John Scarborough, Mr. and Mrs. M. L. Gill, 1557 Woodard Abilene, are parents of the bridegroom.

Honor attendants were Debra Scarborough, the bride's sister, and Roy Poe of Abilene.

Charlie Blanton of Abilene and Bob Pearson of Tuscola seated guests and lighted candles.

The bride, given in marriage by her father, wore an empire gown of satin. Bodice was over-laid with chantilly lace, and the slender skirt extended into a chapel train.

A pillbox of organza embroidered with seed pearls held her veil of tulle. She carried a bouquet of gladioli and greenery.

Maid of honor's empire dress was orchid with purple trim. She wore an orchid pillbox with tulle veil and carried gladioli.

Reception was in Fellowship Hall.

Keeping Up to Date . . .

DIETERS TAKE NOTE: HERE'S A LOW-FAT CHEESE

Taste treats and low calories come in the same package sometimes, says Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent.

A low-fat cheese that looks and tastes like a very mild Cheddar has been developed by the U. S. Department of Agriculture. Compared with Cheddar's 31% butterfat, the new low-fat cheese contains only 5 to 7 percent.

Made from skim-milk, this is the first time a skim-milk cheese has had acceptable body, texture and flavor for table use.

The cheese has a clean, mild flavor that results from the small amount of butterfat added to the skim milk. It's relatively soft and mellow. It contains more moisture and more nonfat milk solids - and thus more protein - than Cheddar.

An added advantage is that it is inexpensive to make. It takes only 2 1/2 hours to make up a batch and needs only 1 to 3 months' ripening time.

Although still awaiting market testing, the new cheese has been sampled by several hundred consumers at demonstrations. What's their rating? "Good to excellent" by the majority of samplers.

Nylon will be appearing in several new apparel products soon, says Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent. It will be used in shoes for dress and casual wear. Another use will be in a new-type clasp closure for swim-wear and lounge-wear. The shoe upper materials will have a foam-backed lining of nylon tricot in matching shades.

NEW STANDARD ANNOUNCED FOR PEANUT BUTTER

If you've heard that GAS central air is out of your reach, don't believe it!

Get the facts.
Call Lone Star Gas for a free estimate!

Don't be fooled by "horseback estimates" on costs! Get a bona fide air conditioning price from Lone Star Gas and compare with the price of the same size electric unit. You'll find the little extra per month to buy a gas unit buys you a lot more air conditioning over the years.

There are two types of gas systems for homes: a combination cooling and heating system and an add-on cooling system.

LOW DOWN PAYMENT AS LITTLE AS \$25/MO. FOR 2.8-TON UNIT

This new gas unit for medium-size homes both cools and heats... puts the world's finest year-around air conditioning in reach of everyone.

WHY GAS UNITS OUTLAST ELECTRIC COMPRESSOR TYPES

Gas cooling for homes has no compressor. A simple gas flame is the heart of the cooling cycle—with few moving parts to wear or need repair. No wonder you can expect gas air conditioning to outlast electric!

As It Looks From Here . . .

Omar Burleson, M. C.
17th District, Texas

WASHINGTON. — The Committee on Agriculture of the House of Representatives is now struggling with a new Farm Bill. Some Sections of the measure have been approved by Subcommittees, and some by the full Committee.

The principal aim is to reduce surpluses of all commodities now in excess supply and, at the same time, maintain decent prices for the farmer. As a matter of fact, this has been the objective of farm programs from their beginning.

In addition, although it may sound strange, suitable farming land is running out in Africa, Asia and Latin America. The only resort is for better yield.

In all these efforts there is the paradox of the acute problem of rapidly rising world-wide famine.

In the next few days there is supposed to be a report issued by a Task Force, appraising the food situation around the globe. There are indications that the experts looking into this matter will describe it as a desperate problem.

In all of Latin America, population is outrunning increased food production. In nations where food is already scarce, population is growing by 3 percent a year, while food output fails to increase.

Perhaps a single fact will illuminate the problem somewhat.

One-fifth of all the wheat America now produces goes to India. It keeps alive about 60 million people. Without this grain there would be mass starvation. In India, it is simply the inability to produce food as fast as they produce people.

The problem can be analyzed, but the solution is another thing. Experts analyzing the prospective disaster are exceedingly pessimistic for effective international cooperation. It is clear that the only nation which really concerns itself with the problem is the United States.

Scores of new governments, cut loose from Western European control, have problems far beyond their limited capabilities. To feed all of them is beyond our own capabilities, and yet, we are a nation of surplus food.

"On the 30th day of June, A. D. 1965, there was presented to me a petition by Holly Toler and fifty-one (51) other legal qualified voters of Hamlin Independent County Line School District, which petition prayed for a consolidation of districts hereinafter mentioned and the issuance of an order for an election for that purpose.

I find that the petition was signed by fifty-two (52) legally qualified voters of Hamlin Independent County Line School District.

I further find that Hamlin Independent County Line School District is situated partially within Jones County, partially in Fisher County, for instance, a steel point as wide as one's hand attached to the longest end of crossed timbers, enabled the Indian farmer to increase his tillable soil from 4 to 18 acres.

It is one thing to speak of

AGAINST CONSOLIDATION OF HAMLIN INDEPENDENT COUNTY LINE SCHOOL DISTRICT IN JONES, FISHER AND STONEWALL COUNTIES, TEXAS, AND THE McCAGLEY INDEPENDENT COUNTY LINE SCHOOL DISTRICT IN FISHER AND JONES COUNTIES, TEXAS.

THE HAMILIN HERALD
Hamlin, Texas, Thursday, July 29, 1965

SYLVESTER NEWS...

by Mrs. R. M. Babb

Kim Portwood, daughter of Mr. and Mrs. Buddy Portwood had her tonsils out on Saturday morning and is doing real good. She has been in Hamlin Memorial for several days.

Mrs. John Edwards was released from Hamlin Memorial on Saturday having entered on Wednesday.

Mrs. A. W. Pursley Sr. entered Hamlin hospital on Tuesday, she says she feeling fine but must stay for tests.

Proper population control would obviously be the long-range answer. The fact remains, however, that the habits of varied races, tribes and religions reduce birth control efforts to a mere demonstration. In addition, medical science has greatly reduced infant mortality and raised the life expectancy to heights unbelievable a short time ago.

Starvation itself may be nature's remedy, but imagine the turmoil and tragedy which must inevitably accompany it.

This is a problem which approaches a dilemma on the part of our Government and all humanitarians. It is presenting itself so rapidly it is difficult to even imagine. The experts say that the calamity will be upon the world in the 1970's with its awful consequences, unless better answers are found than are now in sight.

With all the problems attending the solution of surplus food, what a blessing we in America enjoy.

Dean's Honor Roll

Gary Jay, son of Mr. and Mrs. Eddie Jay Hamlin, has been named to the Dean's Honor Roll at Abilene Christian College for the spring semester.

Jay, a sophomore accounting major, earned 12 hours of A's to receive the honor. It takes nine hours of A's to make the honor roll.

A number of remedies are being suggested. One is to step up the "Food for Peace" Program which now runs at about \$1.1-2 billion a year, mostly charged to the Farm Program. Another consideration is to revive and step up the old Point IV Program inaugurated during the Truman Administration. Neither holds a great deal of hope of more than easing famine in two-thirds of the world.

The original Point IV program was directed mainly at teaching rudimentary methods of agriculture. In India, for instance, a steel point as wide as one's hand attached to the longest end of crossed timbers, enabled the Indian farmer to increase his tillable soil from 4 to 18 acres.

I further find that this petition is in compliance with Article 2806 of the Revised Civil Statutes of Texas, and with the law, and should be granted herein.

I have been advised that a petition for election on the same proposition has been presented to the County Judge of Fisher County on behalf of McCagley Independent County Line School District, and that the judge is issuing an order for such election to be held on the 7th day of August, A. D. 1965.

IT IS THEREFORE ORDERED

I.

That an election shall be held in Hamlin Independent County Line School District on the 7th day of August, A. D. 1965, at which there shall be submitted to the legally qualified voters of such districts the following proposition:

"Shall the Hamlin Independent County Line School in Jones, Fisher and Stonewall Counties, Texas, and the McCagley Independent County Line School in Fisher and Jones Counties

**STATE CAPITAL
Highlights
AND Sidelights**

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN — Rising insurance rates continue to stir up most of the excitement in the state capital.

A Dallas attorney, Bert Bader, filed suit in the 98th District Court here challenging legality of the State Insurance Board's order boosting insurance premiums an average of 13.4 percent.

In asking the court to set aside the recent order, which hiked some key liability and collision rates more than 20 percent, Bader maintained that the state law under which premiums are set is unconstitutional.

He also criticized the Board's allowance of 37 percent of premium income for company expenses and its failure to consider the investment income of insurance firms in fixing rates.

Bader pointed out that Texas' laws virtually make it mandatory that Texans buy auto insurance. Therefore, the arbitrary increase in rates violates due process of law.

Another factor cited by Bader is that the Board failed to take into consideration the actual operating expenses of the insurance companies affected.

He also said that the accident rate is decreasing.

For these and other reasons he contends that the new rate, to become effective on August 1, is grossly excessive.

AUSTIN, — Texas Research League warns that another fiscal "crisis" looms for state government in 1967, when new taxes of \$40,000,000 a year may be necessary.

Simple arithmetic points to

a "sizeable" money problem, says the League. It notes that while Texas' new fiscal period will begin September 2 with a general revenue surplus of some \$97,800,000, it will end August 31, 1967, with little more than \$1,000,000 in the fund. Gov. John Connally's budget staff has estimated a balance of about \$4,200,000.

Comparing the shrinking surplus with some non-recurring revenue measures agreed on by the 59th Legislature, TRL researchers conclude lawmakers in 1967 may have to pass a \$107,200,000 new tax bill.

League admits the figure may be higher or lower. Its staff acknowledges that sales tax revenue are running well ahead of official estimates this year and if it keeps up, the new tax requirement may be reduced to \$80,000,000.

Actually, general sales tax collections this year are "much higher" than in 1964. Comptroller Robert S. Calvert reports. Collections since the current fiscal year began last September 1 total \$164,200,000, compared with \$150,600,000 for the corresponding period a year ago.

TRL observes: "An \$80 million tax bill is no small matter, but neither is it a really serious crisis for a state with the untapped tax resources and growth potential of Texas. This is, of course, an optimistic - as well as an unofficial - estimate and the tax required might well be higher if revenues do not come up to these expectations, or if expenditures substantially exceed them."

Two recent legislative inquiries already have been conducted on rate-making methods and have determined no fault with the Insurance Board's formulas which are available for public scrutiny. The Legislature is willing to give "little support" to stronger laws to curb rising auto accidents which bear directly on insurance rates.

APPOINTMENTS ANNOUNCED — David L. Greenberg was named by Governor Connally as judge of the new county court No. 1 of Galveston county. He is a law partner of Galveston Sen. A. R. Schwartz.

Connally appointed Sen. Walter Richter of Gonzales to the board of control of the Southern Regional Education Board and Rep. Don Cavness of Austin to SREB's Legislative Advisory Council.

Truett Latimer, former member of the State Legislature from Abilene, is now executive director of the Texas State Historical Survey Committee. He succeeds George Hill of Austin.

COURTS SPEAK — State Supreme Court has agreed to review the case involving the state's right to tax coin-operated vending machines on military reservations. Third Court of Civil Appeals, overturning Austin District Court, earlier held that the state had the power to collect the tax on Fort Hood machines.

High court backed Amarillo Court of Civil Appeals in ruling that Moore County District Court must hear the suit challenging boundaries of county commissioner's precincts.

In spite of its name, Indiana originally had fewer Indians than most other states and has practically none today.

Neinda Philosopher Comes Out With Plan for Avoiding Grass Mowing Without Hurting Economy

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 considers the economics of lawn-mowing in his letter this week.

Dear editor:

On an average weekend during the summer I estimate there must be at least 20 million lawnmowers running in the United States, and while it's no concern of mine, the noise doesn't bother me. I can't hear it from out here on this Johnson grass farm, and I don't own one myself. I let a cow do the mowing, it's cheaper, no breakdowns, requires no fuel and you can do it while sitting in the shade on the front porch, still I was interested in an item I read in a newspaper last week while my cow was cutting the grass.

According to it, some scientists have developed a new lawn grass that grows solid but only three inches tall. Stays the same height, no matter how long you let the sprinkler run. Never have to mow it.

I was discussing this with a friend of mine in town who mows his lawn every week and is good at figures and sells lawnmowers.

"Look," he said, "say there are 20 million lawnmowers in

MILLER FAMILY HAS REUNION PICNIC IN CITY PARK THURS.

Mr. and Mrs. Paul Miller, Larry and Stanley of Stockton, Calif., were special guests at a family reunion picnic Thursday evening in Hamlin Park. Paul Miller is the son of Eddie Miller, formerly of Hamlin, now residing in Bakersfield, Calif. Paul's mother is Melvinia Miller, daughter of the late Mr. and Mrs. Jim B. Miller.

Other members of the family attending the picnic were Mr. and Mrs. V. R. Roberts, Karmon, Lynda, and Tommy, Mrs. Eldon Leek, Tommy and Timmy, all of Haskell; Mrs. Annie Roberts and M. W. of Knox City; Mr. and Mrs. F. D. Johnson, Brenda, Freddie and Teddy and a friend, Sherrie Lynn Shurley of Jal, N. Mex.; Susan McFarland of Dallas; Mr. and Mrs. L. V. Miller, Mr. and Mrs. Jess Miller, Mr. and Mrs. A. G. Miller and Dwayne, Mrs. and Mrs. Ira Green, Mr. and Mrs. Sam Terrell, Mrs. Bryant Comer and D. M. Holden, all of Hamlin.

The Paul Millers were guests in the homes of the L. V. Miller and Jess Millers during the weekend.

Surviving is his wife, Sheila Jan, 6, and Bobbie Jean, 3, his mother, Mrs. Martha Bush of Stamford; two brothers, G. W. of Sacramento, Calif., and M. E. of Abilene; three sisters, Mrs. Winnie Meads of Seymour; Mrs. A. F. Baize of Fort Stockton, and Mrs. H. D. Pres... or Burk Burnett.

Graveside funeral services were held Monday at Hawley for Robert D. (Bob) Bush, 37, who died in a fire which destroyed his home at Hawley late Saturday night. Mr. Bush's wife and two children were not at home at the time.

COURTS SPEAK — State Supreme Court has agreed to review the case involving the state's right to tax coin-operated vending machines on military reservations. Third Court of Civil Appeals, overturning Austin District Court, earlier held that the state had the power to collect the tax on Fort Hood machines.

High court backed Amarillo Court of Civil Appeals in ruling that Moore County District Court must hear the suit challenging boundaries of county commissioner's precincts.

In spite of its name, Indiana originally had fewer Indians than most other states and has practically none today.

this country and they average about \$50 each. That's a billion dollars worth of lawnmowers. Also, they must use at least \$100,000 worth of gasoline a week, parts are always needing replacing, blades have to be sharpened, lots of boys earn \$2.50 a lawn of more mowing for other people. Hospitals get business from lawnmower accidents, insurance companies sell accident policies, take it all in all, those grass scientists are fixing to wreck a two-billion-dollar industry, right when the President is banking on an expanding economy to justify more tax cuts to open the gates to the Great Society. Those scientists ought to destroy that new grass and start working on one that grows twice as fast and requires mowing two times a week. Make two blades of grass grow where one grew before, each twice as tall, and double the lawnmower business and keep this country moving forward."

After listening to a speech that long, I didn't argue, but he has a point, although an application of modern thinking can get around it.

Let the scientists go ahead and get the grass ready, but don't sell it. Rent it.
